Further information is available from the ATS Office, 25 Broadway, 4th Floor, New York, NY 10004, or from the ATS website: <http://www.thoracic.org>

**Subscription Rates:** Library and institutional subscriptions start at \$324—rates vary depending on the size of the institution and number of users (for information about rates and individual subscriptions, contact the ATS subscriptions department, 212-315-8687 or [subscriptions@thoracic.org](mailto:subscriptions@thoracic.org)).

**Mission Statement:** The *American Journal of Respiratory Cell and Molecular Biology* publishes papers that report significant and original observations in the area of respiratory and lung cell biology. The focus of the Journal includes cellular, biochemical, molecular, developmental, genetic, and immunologic studies in health and in acute and chronic disorders related to the respiratory system and sleep. The *AJRCMB* is available online at (<http://www.atsjournals.org>) or (<http://intl.atsjournals.org>).

The ATS publishes the *AJRCMB* in furtherance of its educational and scientific purposes as a nonprofit and tax-exempt organization. All articles published in the Journal are subject to copyrights owned by the ATS or other individual(s) or entity(ies). Reproduction of any article by any means without the express prior authorization of the ATS is prohibited. The statements and opinions expressed in the Journal only represent those of individual author(s) and do not reflect the policies or opinions of the ATS. The ATS assumes no responsibility for the content of the Journal and expressly disclaims all liability for any damages arising out of use, reference to, or reliance on the contents of the Journal. The authors, editors, or ATS are not responsible for errors or omissions of articles published in print or online from the *AJRCMB* or other associated ATS publications. It is the responsibility of the treating physician or other health care provider, relying on independent experience and knowledge of the patient, to determine drug dosages and the best treatment for the patient. Readers are advised to check the appropriate medical literature and the product information currently provided by the manufacturer of each drug to be administered to verify the dosage, method, and duration of administration, or contraindications. Readers are also encouraged to contact the manufacturer with questions about the features or limitations of any products. ATS assumes no responsibility for any injury or damage to persons or property arising out of or related to any use of the material contained in this publication or to any errors or omissions. **Manuscripts:** Contributors are requested to read the Instructions for Contributors posted on ([http://www.atsjournals.org/page/AJRCMB/instructions\\_for\\_contributors](http://www.atsjournals.org/page/AJRCMB/instructions_for_contributors)) or obtained from the Peer Review Office upon request. Failure to follow these instructions may cause delay in publication. Manuscripts must be submitted online using ScholarOne at (<http://mc.manuscriptcentral.com/atsjournals>). Authors who are ATS members will be charged a flat publication fee of \$1,000, and nonmembers will be charged a flat publication fee of \$3,500, if their manuscript is accepted for publication. This fee structure covers 4-color images, page charges, author alterations and other related costs and is based on an analysis of historical publications charges. Research Letters are charged at half of these rates. For information on membership, please visit the Become a Member page at [www.thoracic.org](http://www.thoracic.org) or contact [subscriptions@thoracic.org](mailto:subscriptions@thoracic.org) or Tel. 212-315-8687.
